

Anytime you need to, you can manage your profile online and update your clinics information such as: password, address, phone, fax, primary email address, submitting doctor names and email addresses.

To access your profile, please log into your account through [www.dvminsight.com](http://www.dvminsight.com).

## 1. Click My Profile/Hospital

## 2. On the User Information Tab update your information and click Update Record when you are finished.
